## Against the Family Un-Friendly Policies of Verizon Wireless

Local 1298

Verizon Wireless bills itself as “family-friendly.” **But ask Kara DeWitt.**

She worked for Verizon Wireless. Her husband Dale was serving our country during a 20 month tour of duty in Iraq. When Kara took time off from work to take care of her two children, the company threatened her with termination.

Kara told Congresswoman Rosa DeLauro and the local newspaper about the threat, and was threatened again.

When she needed a day off to take care of her sick daughter, **Verizon fired Kara.**

Tell “family-UNfriendly” Verizon to **RE-INSTATE Kara DeWitt.** Stop the intimidation of Verizon Wireless workers.
